

Byczek and Dudek Polish Lineage in Subcarpathian Voivodeship Land Ownership Analysis

Compiled by Michael E. Byczek
Chicago, IL

Great-grandson of Martin Byczek and Maryanna Dudek

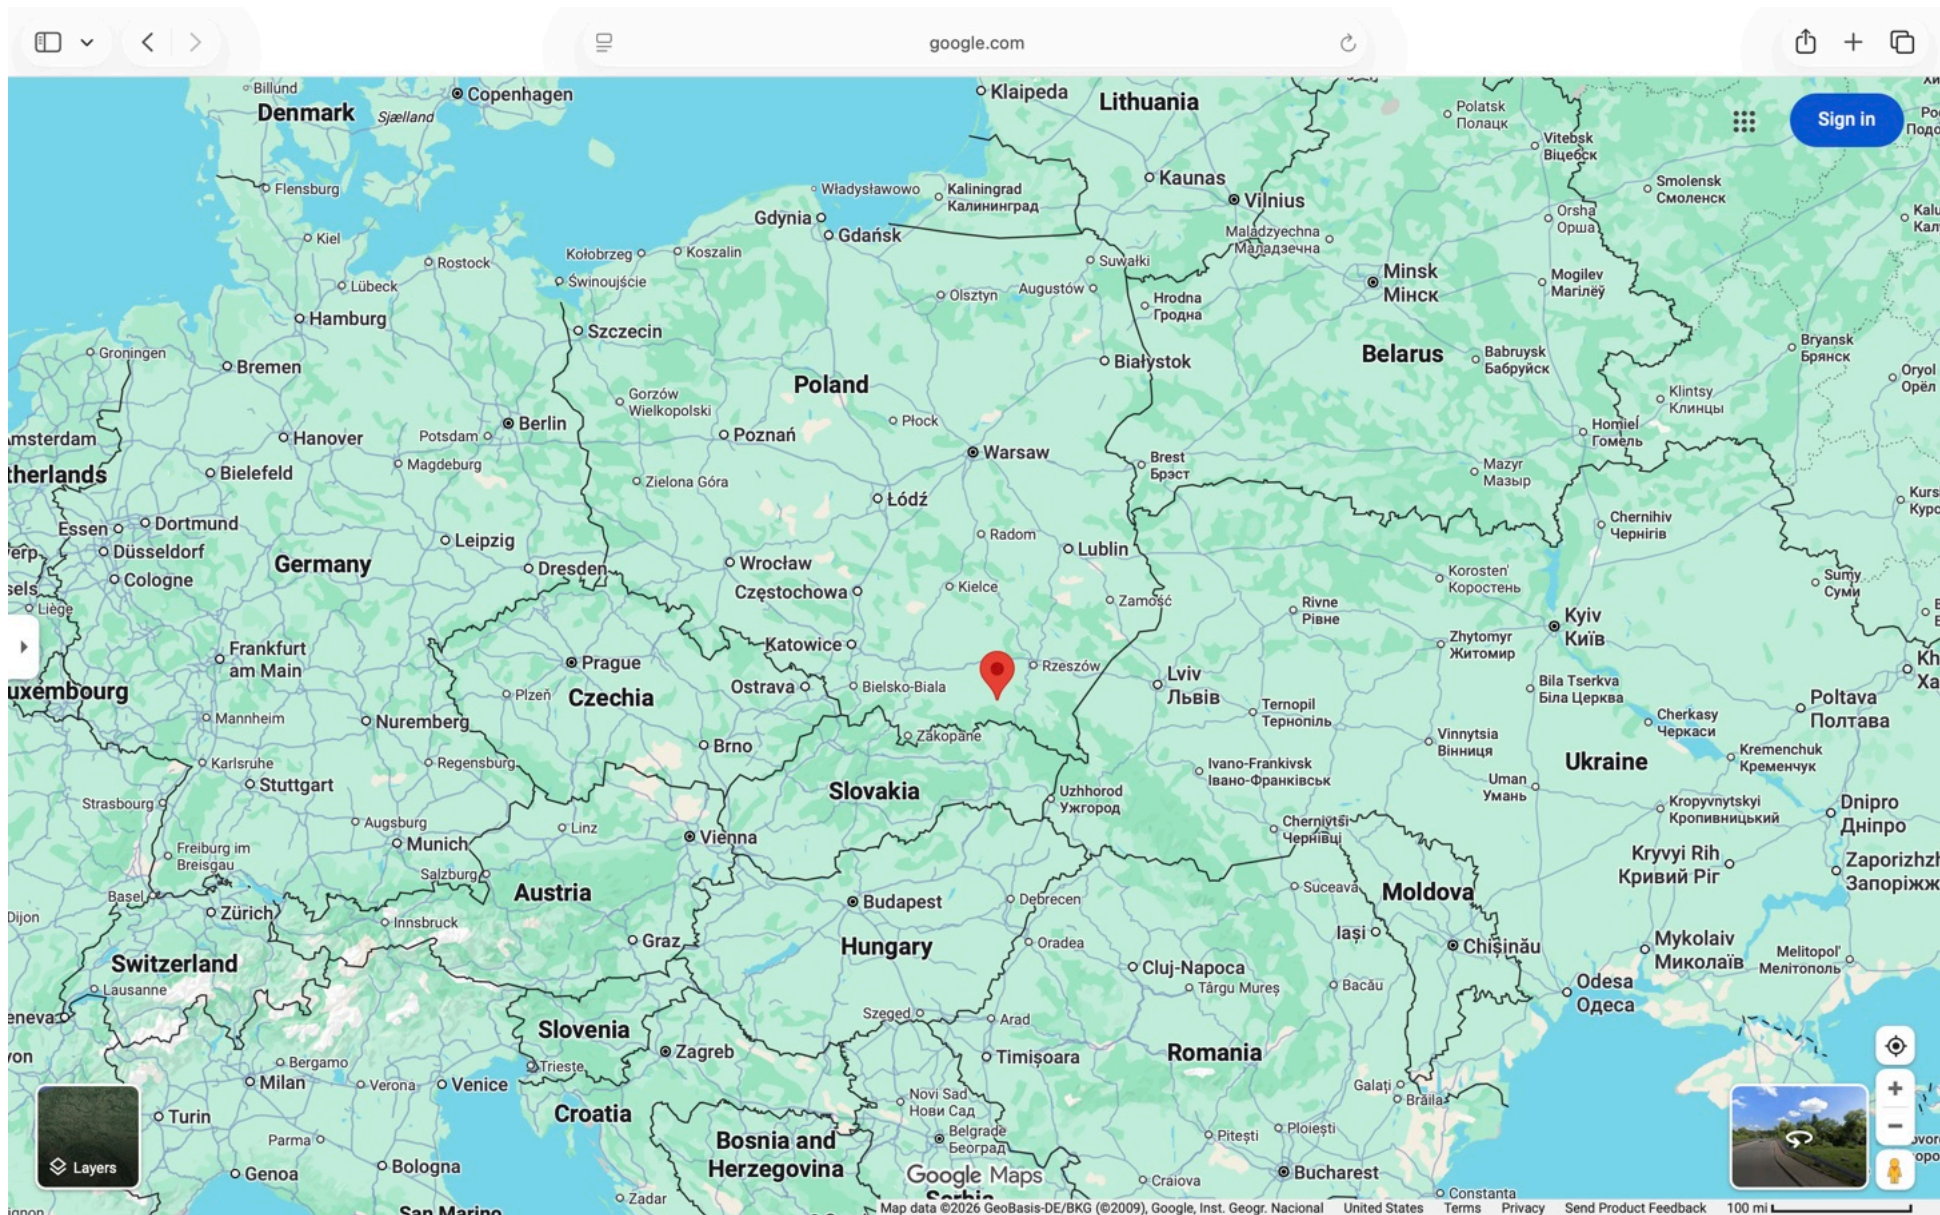

Martin Byczek and Maryanna Dudek were married on 9/25/1907 at St. Mary of Perpetual Help in the Bridgeport neighborhood of Chicago, IL. Martin was 30 and Maryanna was 19 years old. Both were born in Subcarpathian Voivodeship of Poland.

Martin was the son of Adalbert Byczek and Catherine Czarny. He was born on 9/12/1877 in Osobnica and was baptized at the Catholic church located in the same village. He was born on the same farm as his father Adalbert Byczek in 1846 and grandfather Jacob Byczek in 1809. The land had been owned by the family of Martin's great-grandmother Lucy Kwilosz. The Byczek family acquired ownership through Lucy's marriage to Martin's great-grandfather Joachim Byczek in 1804. The ownership chronology of the farm prior to Joachim and Lucy's marriage is unclear.

Maryanna was the daughter of Adalbert Dudek and Victoria Krol. She was born on 1/16/1888 in Zagorze within the Przeczyca Catholic Parish where she was baptized. She was born on the same farm as her father Adalbert Dudek in 1864. The land had been owned by Maryanna's great-grandfather Mathias Krol (two different Krol branches), who was born on the farm in 1790. His mother Sophia Lacki (Maryanna's 2x-great-grandmother) was associated with ownership of the land, but the exact chronology is unclear. The Krol family acquired ownership through the marriage of Mathias Krol to Sophia Lacki in 1789. The Dudek family acquired ownership through the marriage of Maryanna's grandparents Marianna Krol and Gregory Dudek in 1844. Maryanna's lineage in Zagorze includes the adjacent village of Deborzyn.

Zagorze and Osobnica are located approximately 18 miles apart.

Michael E. Byczek made extensive efforts to identify the present-day locations of ancestral farms in Osobinca, Zagórze, and Dęborzyn. This documentary is a summary of this research with representative documents and analysis.

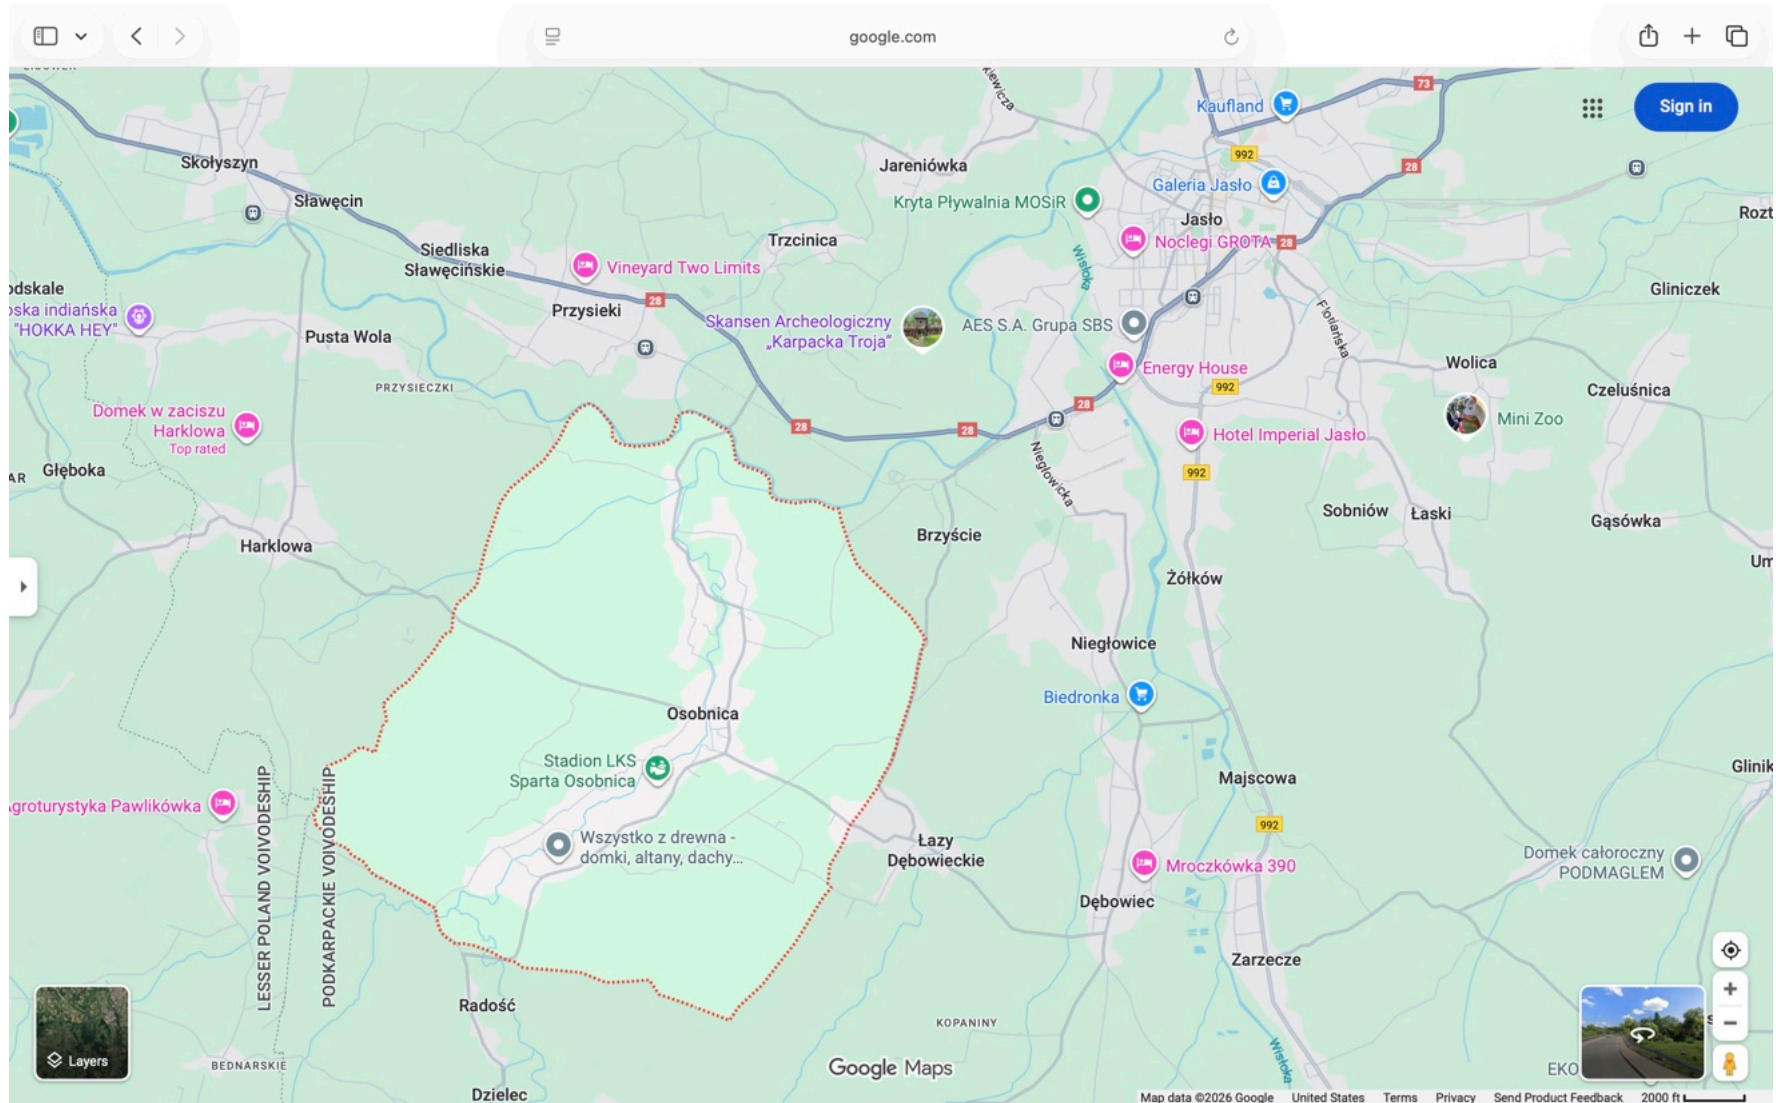

Google Maps
The red pinpoint is Osobnica. Zagorze is about 18 miles north.

Part I Osobnica

Osobnica Catholic Parish - Jasło County, Subcarpathian Voivodeship

Jasło County, Subcarpathian Voivodeship in southeast Poland:

- Osobnica is a village in the administrative district of Gmina Jasło

#118 [Map reference #S20, #S21]

Joachim Byczek and Lucy Kwilosz were married in 1804 in Osobnica without any addresses. All Byczek birth, marriage, death, and land records from this point are #118. There is one exception where Adalbert Byczek and Catherine Czarny's son born in 1890 was written as #448, which could have been a mistake for #118.

1788

Jan Kwilosz - Thaddeus Kwilosz would have been 19 years or older.

1820

Jan Kwilosz and Joachim Byczek - Thaddeus Kwilosz would have been 51 years or older. It is possible that Jan Kwilosz is Thaddeus's father and that since Joachim Byczek (Thaddeus Kwilosz's son-in-law) was co-owner, Thaddeus may have been dead. Perhaps, Lucy's grandfather passed the farm to his granddaughter's family.

1828

Jan Kwilosz and Jacob Byczek listed as consecutive entries without house number. Joachim Byczek died in 1829.

1850

Wojciech Byczek with Jakub Byczek crossed out. Agatha Czajka and Zofia Byczek written in the column. Agatha Czajka was Adalbert (Wojciech)'s sister, but only had that name from 1874-1881 giving the column entry a timeframe.

1859

Jakub Byczek listed as #51, 52, and 376 (refer to 1874/78). Further refer to 1850 that shows #51 was owned by an illegible Byczek that is crossed out and Jakub written with Wojciech in the column.

1874/78

Wojciech Byczek (118 was formerly 52). Wojciech is also listed for #374 formerly 51. There is a Jakob listed for #184 formerly 51.

#117 [Map reference - #S22]

All known Mathias Czarny and Marianna Watroba children were born at #117 from 1797-1822. All known relevant Czarny events take place at #117 after this time. It is unknown where Marianna Watroba was living when they were married in 1793. Mathias Czarny was living at #256, which was owned by the Czarny family (exact relationship unknown). It is unknown who was living at #256, as that was the only address written. Since, it was a Czarny property, it is presumed #256 was for Mathias Czarny and that was the only address written down.

1788

Sebastian Dybas - This appears to be a different Sebastian Dybas. There is just a very strange coincidence that the Czarny family takes over the farm shortly after.

1820

Maciej Czarny.

1828

The transcription does not contain house numbers, and there isn't any entry for Maciej Czarny to cross-reference #117.

1850

Paul Czarny is crossed out and Antoni Czarny is the current owner. However, using Byczek as the basis, it would appear that these records from 1850 were updated in the mid 1870s. Therefore, Paul Czarny would be the owner in 1850.

1859

Paul Czarny is listed for house #76, which is the number used for 1850.

1874/78

Antoni Czarny with reference to former house #76.

#181 [Map reference - #248, #249]

All known children of Sebastian Dybas and Catherine Nowak were born at #181 between 1807-1832, which was a Dybas property. They were married in 1805 with one address written as #187. It's possible this was a mistake for #181. Relevant Dybas events occur at #181 after this time.

1788

Piotr Dybas

1820

Sebastian Dybas - It is presumed that this is the correct Sebastian who took over the farm from his father Piotr.

1828

There is an entry for Sobek Dybas (house numbers are not listed). It is presumed this is an abbreviation for Sebastian.

1850

There are two entries for #181: (1) Jakob Dybas crossed out with Jozef Dybas written. The land is written as #91 with 181 crossed out and 350 written. Maryanna Dybas is written in the column. (2) Jakub Dybas is crossed out with Franciszka Dybas written. 181 is crossed out with 417 written and a current address of 90. The name Jan Chrzaszcz (illegible) is written in the column. It would appear the land for #181 was perhaps divided with a much smaller portion being the 2nd listed above.

1859

(1) #91 is Jozef Dybas. (2) #90 is Franz Dybas.

1874/78

Jan Chrzaszcz is the only name for #181. Jozef Dybas is listed for #350.

#31 [Present-day unknown]

Marianna Watroba's father was Michael, but her mother is unconfirmed. She was born about 1776. There is only one Watroba in Osobnica around this period, which was Michael at #31. This suggests, but does not prove, that Marianna was from #31.

1788

Michal Watroba

1820

Michal Watroba

1828

Michal Watroba is not listed and house numbers are not shown for cross-reference.

1850

Erban Watroba at #31 and Adalbert Watroba at #32. - Digital scan of 1850 records not obtained for Watroba surname.

1859

There is an entry for Adalbert-Erban Watroba at house #349. This could indicate the land was combined compared to 1850.

1874/78

Pawel Gilwa listed at #31 and would appear it was formerly #350. Jan Watroba listed for #32, which appears to have formerly been associated with some variation of #349.

#89 [Map reference - #12, #13]

Paul Czarny and Marianna Paluch were married in 1830. Marianna was listed as from #89, which was owned by a Paluch family.

1788

Jakub Paluch

1820

House #89 does not appear to be listed. Neither Jakub or Martin Paluch are listed anywhere else either.

1828

House numbers are not provided. There are multiple Martin and Jakub Paluch possibilities.

1850

Joseph Paluch is crossed out with Jędrzej written. House is renumbered to 264.

1859

Józef-Erban Paluch is listed for #264.

1874/78

Józef Paluch with reference to #89 formerly #264.

#256 [Map reference - #405]

It appears that Paul Czarny was living at #256 when he married Marriana Watroba in 1793.

Street View - Approximate

1788

Looks like Anna Czarny (probably written as female version - Czarnina)

1820

Wojciech Czarny

1828

House numbers are not provided. There is a Wojtek Czarny, which may be Wojciech.

1850

Joseph Czarny with reference to #72 as the renumbered address.

1859

Jozef Czarny

1874/78

Jozef Czarny with reference to both #256 and #72.

Watroba

It is possible, but unconfirmed, that Marianna Watroba was born in 1778 and her father was Michal. Since there is only one Watroba in Osobnica in 1778, it is presumed, this is the correct Michal Watroba, but that is unconfirmed.

Michal - 31

Paluch

In 1830, when Marianna Paluch married Paul Czarny, she was living at #89. Her father was Martin. It is presumed, but unconfirmed, that Martin's father was Jakub, as he owned #89 in 1788, which would be a generation earlier. Also possible this is her grandfather, not father.

Note:

Names are listed twice. First cycle seems to be the full index. 2nd cycle includes the same name and house listed more than once, and appears to refer to something else. Properties are generally listed in chronological order (perhaps in reverse).

The above index is incomplete. There are probably more pages than those listed. It is not a complete search.

Gregory Dudek listed at House #25 (Renumbered to 31). There is a notation in the column that refers to 21 and 5. It is unknown what this means. There is also another notation about 4 and 1. Since there is also a farm #5, it's possible this refers to common ownership.

The Gregory Dudek farm at #25 includes (Map):

IV: 100, 101, 102

I and IV: 401

House #11 is owned by Mathias Dudek. It was renumbered to 50. There are notations in the column without a clear indication of where this farm was located (perhaps on sheet II). It is possible that the farm may have been merged. Plots 294, 295, 296, 297, 298, 299, 300, 407, and 409 are listed in the column, but with perhaps a renumbering of 52. There is also a mention of Anton Dudek at other addresses.

NOTE: The 1850 Maps do not include sheet IV. There are only three sheets (I, II, and III). However, sheet III shows property #31 with farm lots 100, 101, and 102 along with a common-ownership type of lot #401. It is presumed that whoever wrote IV made a mistake for III.

NOTE: Dudek Farm #11 is not accurately described through the Index. However, Sheets II and III combined appear to show a cluster of properties #50, #51, and #52 along with land lot numbers that match the notations in the column for #11.

NOTE: The same page for #11 and #25 shows Antoni Dudek at #46. His properties are renumbered to 51 and 52, which complete the #11 property cluster. These are also the same formally marked lot numbers as written in the column for #11. The column for #11 refers to Antoni Dudek at #46, thus it is presumed that #11 and #46 were split at some time, or otherwise Antoni at #46 is the dominant landowner while Mathias at #11 is a spin-off of the property.

Note: Only have Dudek index for Zagorze. Don't have Index references for #1, #5, or #24.
